TERMINOLOGY

Classification:

Approved Schools — Schools complying with the requirements contained in *Rule 14, Regulations and Procedures for Approving the Continued Legal Operation of All Schools and the Opening of New Schools,* adopted by the State Board of Education and Effective on June 28, 1986. Approved schools have authority to educate children as required for compulsory attendance and, if a public school, to levy and expend public funds.

Accredited Schools — Approved schools voluntarily complying with the requirements of *Rule 15, Regulations and Procedures for the Accreditation of Public and Nonpublic Schools,* adopted by the State Board of Education and effective on April 5, 1987. Accreditation is a recognition of schools providing a level of quality education which is significantly higher than that required for approval.

AA Classified Schools — Accredited schools which voluntarily comply with *AA Classification Guidelines for Public and Nonpublic School Systems* established by the State Board of Education. AA Classification is awarded to schools which have demonstrated educational leadership and a quality education model in Nebraska.

Class of District — "School Districts in this state are classified as follows:

(1) Class I shall include any school district that maintains only elementary grades under the direction of a single school board;

(2) Class II shall include any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board;

(3) Class III shall include any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(4) Class IV shall include any school district embracing territory having a population of one hundred thousand or more and less than two hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(5) Class V shall include any school district embracing territory having a population of two hundred thousand or more that maintains both elementary grades and high school grades under the direction of a single board of education; and

(6) Class VI shall include any school district in this state that maintains only a high school." (79-102 R.R.S.)

Elementary — Represents data from elementary schools (6 Year or Less Elementary, 8-Year Elementary, Middle School, and Special Education Elementary.)

Full Time Equivalency (F.T.E.) — the indication of the time an individual spends in a position assignment as it relates to the total time in a work week for that position assignment. For example, a half-time employee would have an F.T.E. of .50. In all cases a full-time employee would have an F.T.E. of 1.00. Please note: F.T.E. is not to be interpreted as number of individuals.

NOTE: F.T.E. values shown in this publication include those E.S.U. personnel working in local school districts/systems.

Membership — Count of students on the current roll on the last Friday in September.

NOTE: "County membership" figures represent the aggregation of districts/systems whose administrative offices are located in the county. Example: If a district crosses county lines, their full membership is shown in the county in which the administrative office is located.

Non-Resident — A student whose parent(s) or guardian does not reside within the geographical boundaries of the district.

Operating Status of Local Public Districts as of the Last Friday in September:

a) **Operating** - The district operates an instructional program.

b) **Not Operating** - The district does not operate an instructional program:

1) **Contracting All Students** - All students are contracted to other districts or agencies.

2) **No Students** - The district has no school age children for which it is responsible.

TERMINOLOGY

Classification:

Approved Schools — School systems complying with the requirements contained in *Rule 14, Regulations and Procedures for Approving the Continued Legal Operations of All Schools and the Opening of New Schools,* adopted by the State Board of Education and Effective on June 28, 1986. Approved schools have authority to educate children as required for compulsory attendance and, if a public school, to levy and expend public funds.

Accredited Schools — Approved school systems voluntarily complying with the requirements of *Rule 15, Regulations and Procedures for the Accreditation of Public and Nonpublic Schools,* adopted by the State Board of Education and effective on April 5, 1987. Accreditation is a recognition of schools providing a level of quality education which is significantly higher than that required for approval.

AA Classified Schools — Accredited school systems which voluntarily comply with *AA Classification Guidelines for Public and Nonpublic School Systems* established by the State Board of Education. AA Classification is awarded to schools which have demonstrated educational leadership and a quality education model in Nebraska.

Class of District — "School districts in this state are classified as follows:

(1) Class I shall include any school district that maintains only elementary grades under the direction of a single school board;

(2) Class II shall include any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board;

(3) Class III shall include any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(4) Class IV shall include any school district embracing territory having a population of one hundred thousand or more and less than two hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(5) Class V shall include any school district embracing territory having a population of two hundred thousand or more that maintains both elementary grades and high school grades under the direction of a single board of education; and

(6) Class VI shall include any school district in this state that maintains only a high school." (79-102 R.R.S.)

Elementary — Represents data from elementary schools (6-Year or Less Elementary, 7-Year Elementary, 8-Year Elementary, Middle School, and Special Education Elementary.)

Full Time Equivalency (F.T.E.) -- The indication of the time an individual spends in a position assignment as it relates to the total time in a work week for that position assignment. For example, a half-time employee would have an F.T.E. of .50. In all cases a full-time employee would have an F.T.E. of 1.00. Please note: F.T.E. is not to be interpreted as the number of individuals.

NOTE: F.T.E. values shown in this publication include those E.S.U. personnel working in local school districts/systems.

Membership — Count of students on the current roll on the last Friday in September.

NOTE: "County membership" figures represent the aggregation of districts/systems whose administrative offices are located in the county. Example: If a district crosses county lines, their full membership is shown in the county in which the administrative office is located.

Nonresident — A student whose parent(s) or guardian does not reside within the geographical boundaries of the district.

Operating Status of Local Public Districts as of the Last Friday in September:

a) **Operating** — The district operates an instructional program.

b) **Not Operating** — The district does not operate an instructional program:

1) **Contracting All Students** — All students are contracted to other districts or agencies.

2) **No Students** — The district has no school age children for which it is responsible.
